Details:

In 2024, we received AFG's Best Personal Loan Broker of the Year award for Victoria and Tasmania. We're proud of that recognition and grateful to the clients, team and partners who supported us.

This page records our 2024 award. It is a personal loan broking award for Victoria and Tasmania, rather than a current loan offer or a claim that every product on our panel has won an award.

Helping you work through your finance options

Our personal and asset finance work includes unsecured personal loans, car loans, leisure finance and home improvement loans. Whether you're buying a vehicle, planning a renovation or reviewing existing debt, we start with what you need to borrow, what you can repay and the options available for your circumstances.

Personal loans — compare the amount, term, fees and repayment arrangements.

Car loans — discuss the vehicle, seller and any security or final balloon payment.

Leisure finance — explore finance for a caravan, boat, motorcycle or similar purchase, subject to lender criteria.

Home improvement loans — plan the cost of your project and compare funding options.

Clear numbers before you decide

For a current loan quote, speak with us about your circumstances. Rates and terms depend on the lender's assessment, including your finances, credit history, loan amount and any security. A rate advertised in 2024 should not be treated as available today.

We help you compare the interest rate, fees, repayments and total cost using the same amount and term. A longer term can reduce each repayment while increasing interest overall. If you're consolidating debt, we compare the new loan's full cost with your existing commitments.

We explain our remuneration and any fee payable by you before you proceed. The lender decides whether to approve an application and on what terms.

Thank you

We appreciate everyone who has trusted us with a finance enquiry. We look forward to helping you with your next step.
