Finance process

Use a reputable finance broker - Don't go straight to the bank or car yard because their products will limit you. Natloans is a finance broker with many lenders and hundreds of loan products, which can be tailored to meet your individual needs and circumstances.

Get Preapproval -> Why? Know that you have "cash bargaining power" which means you can negotiate a better deal on your next car, boat or bike. Natloans can arrange preapproval which means you determine your budget first and then go shopping at the dealers or privately. This is the sensible and safe way to shop. Rather than shopping on impulse, which can end up costing you thousands in the long run.

Find the vehicle - Now that you have been approved and you have cash, use the internet to compare prices on your dream car, boat or bike. If you are after a used vehicle there is always the option of private sales.

Get Insurance - Protect your new asset and save yourself the headache and financial burden if anything goes wrong. Natloans has a range of protection options.

Drive away with the peace of mind that you have done your research and have gotten the best deal in finance, protecting and purchasing your dream car, boat or bike.
